

Instruction Guide for Fraser Health Application for Approval of Temporary Food Premises.

Event Details

- Provide the name and mailing address of the Person in charge and or organization putting the event on.
- Provide a phone number where the person in charge or somebody knowledgeable with the event can be contacted during normal business hours.
- Provide details on the location of the event, the dates it is being held and the hours you plan to be operating the food premises.

Section 1 – Where will the food be prepared.

Indicate which category applies to your event:

- If any food preparation is required for this event you will have to complete all sections of the application.
- If there is no food preparation involved sections 5, 6 and 7 of the form do not need to be completed.
- Please note – in general, preparation of food in a private household kitchen is not permitted for a temporary food premises.

Section 2 – Describe Food equipment used during event;

Explain how each step will be carried out, including details of any equipment used.

- **Transport food** – How will food be kept hot or cold during transport, and what measures will be taken to protect it from contamination?
- **Prepare raw foods** – slicing chopping, cooking, etc.
- **Prepare ready to eat foods** – Foods that will be eaten without further cooking.
- **Measure food temperature** – What type of thermometers will you use, what foods will be checked for temperature and how often will you be checking?
- **Protect Food from Contamination** – How will foods be covered, wrapped, etc during transport and storage?

Section 3 – Equipment and Materials provided.

Explain how each step will be carried out and describe the equipment used. A separate floor plan of the proposed facility should be provided to show the location of equipment and food handling areas.

- **Wash/Sanitize utensils** – this includes pots, pans, cooking utensils and serving tongs or spoons.
- **Hand Washing** – for all food handlers
- **Supply Potable Water** – A supply of water is required for drinking, cooking and hand washing purposes. Describe the source of water and how it is supplied to the facility.

- **Contain Wastewater** – How will you collect and dispose of wastewater generated by your facility?
- **Contain Garbage** – How will you collect and dispose of garbage for both the food preparation and food service areas?
- **Flooring** – What type of flooring / surface will be in the food preparation area?
- **Protect work surfaces.** - How will you protect work surfaces from contamination? – Use of an umbrella, tent, awning, etc.

Section 4 Food Safety Plan details

List all menu items , their source and indicate if they are to be prepared or cooked on site, off site or they will not require any cooking. Refer to the food safety plan chart for standard food safety plan requirements.

Section 5 Food Safety Plan

If you are supplying only prepackaged foods from an approved source – such as chocolate bars, bagged potato chips, canned pop, etc, proceed to section 8 of the form. If you are doing any food preparation at all, you must have a food safety plan.

Review the generic Food Safety Plan Chart and check off all sections that apply to your operation. The conditions noted below must be followed during the event. If your preparation is more complex than indicated in the generic chart, provide additional pages with a more detailed Food Safety Plan. Contact your Public Health Inspector if you require assistance.

Section 6 Sanitation Plan

Fill out the Sanitation Plan chart and attach additional sheets if needed to fully describe the cleaning and sanitation procedures you will be using. Indicate the type of cleaning and sanitizing agents you will be using and a general description of the methods used.

Section 7 FoodSafe Certification

If any food handling or preparation is taking place, at least one person with FoodSafe Training must be on site at all times. Provide the names and certification dates of all certified people who will be on site. Copies of their certificates must be provided with the application form.

Complete, sign and date the application and return it to the Health Authority office that is closest to your event. The application must be submitted 14 days prior to the event.
